

# TSI CERT Training Program

## CERT Course Cost Guide

CERT Courses are offered at variable rates, depending on the sponsoring agency and how much equipment they can supply to support the training. TSI does offer complete course packages, where all equipment and instructors are supplied so training can be conducted for groups who lack their own equipment. Courses are also offered for free sponsored by TSI or C.A.A. CERT, or at minimal charge to cover equipment expenses. Courses requested by, or offered for, outside organizations or groups are typically charged at a regular rate per student to cover expenses for equipment and instructor time.

<b>CERT TRAINING PROGRAM CLASS FEES</b>				
Class Type	Courses Sponsored by TSI & C.A.A. CERT		Courses Offered For & Requested By Outside Organizations or Groups	
	Cost for those associated with C.A.A. CERT or other local CERT programs	Cost for those who are not associated with a local CERT program (Covers basic expenses)	Instructor Only Package TSI provides <u>ONLY</u> instructors (Client provides all equipment required for course)	Complete Package TSI provides instructors <u>AND</u> all equipment required for course
Basic CERT Training Course	Free	\$80	\$150	\$220

CERT Update & Skills Refresher Course	Free	\$25	\$50	\$50
	<b>COST PER STUDENT</b>	<b>COST PER STUDENT</b>	<b>COST PER STUDENT</b> Minimum 10 students REQUIRED	<b>COST PER STUDENT</b> Minimum 10 students REQUIRED

### Requested Class Sizes

The optimal class arrangement is 20 students to ensure that students adequately learn the material. For larger groups, instructors can be added at an additional cost, or multiple classes can be done. We also require a minimum of 10 students per class because any less makes the exercises difficult and less effective.

PLEASE NOTE: A 1 hour lunch break is included on each day of training. Lunch is not provided, unless included by a sponsoring group.

### Travel

If travel is required, it is an additional cost to the above amounts.
