

TSI CERT Training Program

CERT Course Cost Guide

CERT Courses are offered at variable rates, depending on who is sponsoring or requesting it, and how much equipment they can supply to support the training. TSI does offer complete course packages, where all equipment and instructors are supplied so training can be conducted for groups who lack their own equipment. Free courses are also offered sponsored by TSI or C.A.A. CERT, or at a minimal charge to cover the cost of equipment. Courses requested by, or offered for, outside organizations or groups are typically charged to that group at a regular rate per student to cover expenses for equipment and instructor time. Groups are invoiced after the class is over and training is free to the students, we only charge the sponsoring group for the class.

Requested Class Sizes

The optimal class arrangement is 20 students to ensure that students adequately learn the material. For larger groups, instructors can be added at an additional cost, or multiple classes can be done. We also require a minimum of 10 students per class because any less makes the exercises difficult and less effective.

PLEASE NOTE: A 1 hour lunch break is included on each day of training. Lunch is not provided, unless included by a sponsoring group.

Travel

If travel is required, it is an additional cost to the above amounts.
