ICS Course Price Guide

We are an approved training provider for Incident Command System courses. All courses and course instructors adhere to the standards established by FEMA and the Oregon Department of Emergency Management for ICS course delivery. **Additionally, all ICS courses are subject to approval by the Oregon Department of Emergency Management.** ICS Course cost is dependent on who is sponsoring or requesting the course. TSI does offer courses for a fee to outside organizations and groups, as well as free courses sponsored by TSI and the Central Aid Agency. Courses requested by, or offered for, outside organizations or groups are typically charged to that group at a regular rate per course to cover the cost of instructor time and materials. Groups either pay up front, or are invoiced after the class is over. The training must be free to the students; only the sponsoring group is charged for the class.

Requested Class Sizes

The minimum class arrangement is 10+ students and 2 instructors. For groups larger than 40, instructors can be added at an additional cost; or multiple classes can be done. We typically require a minimum of 10 students per class to make the exercises most effective. Classes can be taught both in-person and online using the Zoom platform.

PLEASE NOTE: A 1 hour lunch break is included in the total time for each day of training. Lunch is not provided, unless included by a sponsoring group.

Travel

If travel is required, it is an additional cost to the above amounts.
