ICS Course Price Guide

ICS Courses are offered at variable rates, depending on who is sponsoring or requesting the course. TSI does offer courses for a fee, as well as free courses sponsored by TSI and the Central Aid Agency. Courses requested by, or offered for, outside organizations or groups are typically charged to that group at a regular rate per student to cover the cost of instructor time. Groups either pay up front when registering students, or are invoiced after the class is over, and training is free to the students; we only charge the sponsoring group for the class.

Requested Class Sizes

The optimal class arrangement is 20 students to ensure that students adequately learn the material. For larger groups, instructors can be added at an additional cost, or multiple classes can be done. We also require a minimum of 8 students per ICS class because any less makes the exercises difficult and less effective. Classes can be taught by a live instructor both in-person, and online using the Zoom platform.

PLEASE NOTE: A 1 hour lunch break is included on each day of training. Lunch is not provided, unless included by a sponsoring group.

Travel

If travel is required, it is an additional cost to the above amounts.
